OFFICE OF PETITIONS

Applicant: Simonis et al.
Appl. No.: 10/532,217
International Filing Date: June 29, 2004
Title: TRANSMISSION DEVICE FOR TRANSMITTING ELECTRICAL SIGNALS
BETWEEN A ROTOR AND A STATOR
Attorney Docket No.: 3826 1066US
Pub. No.: US 2006/0276057-A1
Pub. Date: December 7, 2006

This is a decision on the request for a corrected patent application publication under 37 CFR 1.221(b), received on January 25, 2007, for the above-identified application.

Applicant requests that the application be republished because the patent application publication contains material errors, on the front page of the publication where an inventor's name is misprinted and the title is misprinted.

The request is DISMISSED as moot.

Since the application has already issued as U.S. Patent No. 7,311,536 on December 25, 2007, the request is deemed moot.

Inquiries relating to this matter may be directed to Mark Polutta at (571) 272-7709.
